

WE HAVE A DREAM: A WORLD WITHOUT RACISM

MAY, 2024 - How Can We Influence Elections Having Racial and Socio-Economic Impact?

We began with a prayer.

We encouraged people to view the recordings linked in St. V's e-news to remember why we partner with South Baltimore Community Land Trust (SBCLT) and to hear about their great progress acquiring land and building affordable homes.

Considering the imminent elections and the radically different choices, we discussed ways we could help promote those who support our values looking through the racial equity lens. We also discussed how we could encourage people to vote.

We concluded with three foci and will develop an action plan next month on June 19th. How appropriate that it falls on Juneteenth!

We closed with a prayer.
