**Seek The City**

President Geri Sicola allowed 10 minutes for attendees to share big questions/excitements/concerns about the "new church" in Baltimore.

Attendees were then divided into smaller groups to examine and respond to the proposal in light of the four criteria delineated by Seek the City. We were charged with considering assets and inhibitors.

Upon rejoining the larger group, our responses to the criteria were briefly shared. Council will use this data to make the case for why we should remain the worship site.

Geri Sicola added that Council will decide on a time when we will have a parish wide conversation/a synodal process on the issue of merging (i.e. there will be other opportunities for conversation).

Meeting closed with the Our Father.
